

ITS2 Plastic Over Molded Temperature Sensor with Extension Cable

FEATURES

With the INDUSTRIAL TEMPERATURE SENSOR (ITS) product line, Ashcroft offers a matched range of products specially designed for temperature measurement in the industrial OEM industry.

Ashcroft ITS2 temperature sensor designs are so flexible that we can customize them to suit your specific application requirements. Please contact your Ashcroft representative to assist in configuring the best solution for your application.

APPLICATIONS

- Underfloor heating
- Air conditioning
- Heat pumps
- Pumps
- Cooling technology
- And others

ITS2
Plastic Over Molded Temperature Sensor

SPECIFICATIONS

Measurement Element:	RTD (PT100/PT1000) NTC KTY Thermocouples Custom solutions
----------------------	---

Probe Sheath:	Plastic over molded Optional, stainless steel for mechanical strength
---------------	--

Ingress Protection:	IP68
---------------------	------

Electrical Connection:	Wire leads Wire and terminals Wire and connector
------------------------	--

Extension Cable:	PVC Silicone PTFE
------------------	-------------------------

Approvals	CE/UKCA, RoHs available
-----------	-------------------------

Output:	RTD Thermistor Thermocouple 4-20mA Custom output solutions
---------	--
